Confusion with big O

0

How do you know which one has a higher order of growth?

Asked by Soon Chun Mun CS1010S 0 Comments 1 Answer just now

1 Answer

Hil I think this chart will help you understand better!

0

Big-O Complexity

Operations

Elements

$O(1)$

$O(\log n)$

$O(n)$

$O(n \log n)$

$O(n^2)$

$O(2^n)$

$O(n!)$
